

Active Mobility

Company Profile

Active Mobility is proud to be a family-owned and trusted disability equipment supplier for over 30 years serving families, healthcare facilities, school and organisations throughout Australia.

activemobility.com.au

Our Mission:

- To restore mobility to as many fellow Australians as possible
- To make people comfortable, happy and independent
- To provide “Intelligent Mobility Solutions” for our customers

100% Australian owned and operated we are committed to changing lives and empowering our clients with the right mobility solutions.

Our focus is to provide holistic care for our customers and to cater to the needs of older adults and people living with disabilities of all ages so they can enjoy a better quality of life.

We specialise in the supply of patient care and rehabilitation products sourced from reliable global suppliers and offer repairs, service and hire of powered rehabilitation equipment.

Our Services

Service and Repairs

We are committed to servicing the equipment our customers purchase. We have a fully equipped workshop, service vans and trained service technicians. We also have an extensive range of parts, allowing us to properly fulfil service requirements.

Hire

We have a variety of mobility equipment available for short or long term hire. We provide hire of mobility scooters, power wheelchairs, patient lifting equipment and more!

Equipment Trials

Our dedicated and highly knowledgeable team of Assistive Technology Consultants are available to help.

With our extensive range of products available for in-house or showroom trials, you can be confident that our team will find the right fit for you.

Aged Care

At Active Mobility, we understand the importance of supporting the ageing population. We work closely with Aged Care Package Providers to ensure that our elderly clients get the equipment and, more importantly, the care they deserve.

NDIS

As an NDIS provider, Active Mobility can process service bookings and payments through our NDIS Portal to provide mobility equipment and services to give our clients the easiest experience possible.

Online Store

Our online store offers a variety of mobility, manual handling and patient lifting equipment. We can deliver equipment via online purchase within a few days, or you can access instant product quotes, putting our leading equipment at your fingertips.

Seating Specialists

Selecting the appropriate seating arrangement is crucial for your comfort, health, and overall well-being. Our team is dedicated to guiding you through the entire process, from the initial assessment, trialling various seating and positioning options and final purchase set up. With our expert advice and support you'll discover the ideal seating solution customized to your needs.

Showrooms

Our showrooms are some of the largest in NSW, discover a vast array of mobility solutions waiting to enhance your life.

From wheelchairs & seating, to the latest in assistive technology, scooters to care beds, walkers to patient lifting equipment, and an extensive selection of daily living aids, we have everything you need under one roof.

Sydney

Our flagship showroom is located in Silverwater NSW. At our Sydney showroom we also have the capability to demonstrate the concept of Accessible Bathrooms (Changing Places.)

Newcastle

Our Thornton showroom services clients needs in the Newcastle, Hunter Region and the Central Coast.

CPD Training

Here at Active Mobility, we have monthly CPD training events where we invite expert professionals to share their knowledge and insights with you.

ARCHABILITY

by Active Mobility

Archability, a division of Active Mobility, was founded in 2014 with a revolutionary vision to transform the environments of disabled individuals who deserve accessibility to modern comforts.

- A fusion of **'Architecture'** and **'Mobility'** -

Archability provides a range of fittings, fixtures and equipment for healthcare projects. Such as ceiling hoists, ceiling hoist tracking, gantry systems and change tables.

Applications

Archability installs equipment in a range of applications, these include:

Nursing Homes

Hospitals

In-Home Care

Changing Places

Schools

Leisure Centers

Physiotherapy Practises
