DIGNITY RANGE

Bringing Dignity to Aged Care, Disability & Independent Living

Dignity Range

This innovative range has been developed by healthcare professionals in conjunction with Stirling University.

Founded in 1810 and known by its strong, versatile and practical crockery, Dignity By Wade products are one of the most desirable aids for independence and dignity improvement.

Dignity by Wade vitrified crockery range has been consciously designed to provide stylish, elegant, subtle options that enhance independence and quality of life. The appealing range is especially beneficial for people living with physical dexterity limitations, neurological and sensory considerations and individuals who have limited grip strength.

The Dignity by Wade range supports people who may be experiencing difficulties with eating and drinking to participate in these tasks in a dignified way.

DIGNITY BY WADE

Elegant, Unobtrusive Design

Dignity by Wade make unobtrusive and discreet dinnerware that complements existing crockery. The vitrified earthenware construction lends itself to a strength and robustness that makes it suitable for frequent, everyday use.

The entire collection is safe to use in the microwave, dishwasher or freezer.
